Dear Board Members,

I am writing to formally address the recent notification from Taekwondo Canada regarding my suspension and the ongoing investigation involving Greg Bauer. I fully understand the importance of this process and respect the need for transparency and thorough examination.

In light of these developments, I believe it is in the best interest of Taekwondo Ontario and myself to temporarily step back from my position .

This decision is made out of respect for the organization and to ensure that the ongoing activities of Taekwondo Ontario can continue without any potential distraction or concern related to my situation.

Please do not hesitate to contact me if you require any further information or clarification during this time. I remain committed to cooperating fully with the investigation and will provide any assistance necessary.

Thank you for your understanding and support.

Best regards,

In Kyung Kim

President, Taekwondo Ontario
